

Announcing Gala 2009: Celebrate the 80s!

"It Will Be, Like, a Totally Excellent Evening!"

SAVE the DATE: October 17TH!

Are you Footloose & Ready to Flashdance?!

"If I Could Turn Back Time" belted out Cher on her way to #1 on the Billboard charts exactly two decades ago. This year the Flagler Beach Historical Museum will do just that - turn back time 20-30 years to re-live the 80s with our 8th Annual Museum Gala. We'll kick-off the decade with a Kool & the Gang "Celebration," experience some "Endless Love," accompany Bruce Springsteen by "Dancing in the Dark," then wrap up the night with a "Thriller" -- Michael Jackson's "Beat It." As long as "We've Got Tonight" we'll send you home to the Eurythmics "Sweet Dreams."

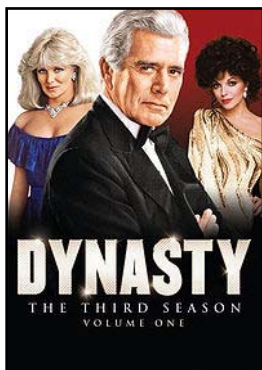

We'll also go Back to the Future aboard the Love Boat to explore Fantasy Island. 80s guys can be nice or "vice" and 80s girls "just wanna have fun." Young Urban Professionals are YUPPIES and couples with Double-Income-No-Kids are DINKs. Emulate the Dallas Ewings, the Denver Carringtons or the Lifestyles of the Rich & Famous, Go cable to Madonna videos on that new-fangled MTV. Flip channels to avoid that commercial squawking "Where's the Beef."

Gals, you don't need tri-colored hair or a nose ring, just check the back of your closet for that dress or suit with huge shoulder pads and a wrestling-arena size belt. Underscore the look by donning sneakers for the power-walk to work. Apres-work is time for working out, and the look is leotards, off the shoulder sweaters, and leg warmers. Don't forget: Side Ponytails, Big Hair, and Big Hair Accessories; guys too have: More Big Hair, Afros, and Rock that Mullet. Accessorize with Hammer Time balloon pants, or Miami Vice sandals, tees, sports jackets and faux puka shell necklaces. View 1980 film faves, then cop a look from Pretty Woman, Rocky Horror Picture Show, Star Wars, Cocoon, Ghostbusters, or Flashdance. What a Feeling!

Wedding of the Century?!
